## INVITATION

Dear Friends and Colleagues,

Hypertension is an important public health challenge. It is a major lifestyle disorder affecting multiple systems in the body. Its prevalence is increasing worldwide and it is around 30% in urban India. Hypertension is the leading preventable risk factor for premature death and disability worldwide. Hence hypertension awareness, treatment and control is of utmost concern.

In this CME, all important aspects of hypertension will be covered.

We are sure, the rich scientific matter by experts in the fields will benefit everybody.

We look forward to welcoming you all in Karad soon.

Proceeding

CME on Blood Transfusion

Department of Blood Bank of Krishna Hospital & Medical Research Centre, Karad in association with Staff Scientific Society organized CME with the theme of Rational use of blood & Blood components on 11<sup>th</sup> October, 2017.

This CME is organized to create awareness among practitioners & Blood Transfusion Officers, Blood Bank Technicians & Staff Nurses

towards clinical aspects of blood transfusion & guidelines on safe blood transfusion practices .

Krishna Institute of Medical Sciences Deemed University, Karad has been accredited by NAAC with 'A' Grade

(CGPA:3.20 on 4 Point Scale), An ISO 9001:2000 Certified University, Krishna Hospital and

Medical Research Centre, Karad has been accredited by NABH, KIMS Diagnostics

(Laboratory) is Accredited by NABL. Neonatal ICU is accredited by National Neonatology Forum of India.

Blood Bank is accredited by NABH. The Blood Bank of Krishna Hospital, Karad started functioning in 1984 as a part of pathology department and from 1995 it has become an independent department with separate qualified staff. Blood Bank Krishna Hospital has FDA approved lay out plan. Our blood bank has an area of 200.87 sq. meters. The area is distributed in three main sections, donor complex, laboratory area and component area.

The area of each section complies with the rule of Drug & Cosmetic Act 1940 & rules 1945. Under the scheme of modernization of blood banks, the Blood Bank was completely renovated in 2003 and blood components preparation was started in 2005. Now it is a full-fledged component blood bank.

Blood bank has got status of Regional Blood Transfusion Center in 2008. Krishna Hospital Blood Bank is recognized by Quality Council of India under National Accreditation Board for Hospitals & Healthcare Providers (NABH) in June 2014. Blood Bank completed 3

**Dean**

**Krishna Institute of Medical Sciences,  
KIMSDU, Karad**

years of Accreditation. Blood Bank successfully completed reaccreditation audit & got renewal for the period 2017 to 2020.

Krishna Hospital Blood Bank is identified by Govt. of Maharashtra as training centre for blood bank Officer & Technologist.

It is located in Karad (Maharashtra). It is working as nonprofit basis under charitable trust. It is well equipped and developed blood bank in this area. The major fields of activity include arrangement of voluntary blood donation camps, awareness lectures regarding blood donation.

36 Thalassemia patients are registered with us and they are provided blood and blood components free of cost whenever required. Also patients of haemophilia and other blood dyscrasia receive blood & blood components free of cost.

In modern healthcare, blood transfusion services plays vital role without which efficient medical care is impossible.

#### A Report

CME on Blood Transfusion is organized on 11<sup>th</sup> October, 2017 in association with Staff Scientific Society at SI Hall of Krishna Institute of Medical Sciences, Karad.

The conference was patronized by Dr. Suresh Bhosale, Hon'ble Chairman & Managing Trustee, Krishna Charitable Trust, Karad, Dr. Vedprakash Mishra, Hon'ble. Chancellor, & DR. Mrs. Neelima Malik, Hon'ble. Vice Chancellor, Krishna Institute of Medical Sciences, Deemed University, Karad.

Advisory Board of CME was

Dr. M. V. Ghorpade,

Registrar, KIMSDU, Karad

Dr. S. T. Mohite

Dean, KIMS.

Dr. A. Y. Kshirsagar

Medical Director, KH & MRC., Karad.

**Dean**

The CME was started with the traditional lamp lighting ceremony followed by felicitation programme of all the dignitaries on the dias with floral bouquet.

**The following esteemed personalities were seated on the dias-**

Dr. S. T. Mohite, Dean, KIMSDU.

Dr. A. Y. Kshirsagar, Medical Director, KH & MRC., Karad.

Dr. Satish Patil, Secretary, Staff Scientific Society, KIMSDU.

Dr. Sanjay Patil, Professor of OBGY, KIMSDU

Dr. Sanjeev V. Ketkar BTO, Deenanath Mangeshkar Hospital & Research Centre, Pune.

Dr. Mrs. Snehal Mujumdar, Director, Blood Bank, Rubi Hall Clinic, Pune.

Dr. Rajiv Nikate, Director, Blood Bank, Global Hospital, Thane.

**Gracious Presence of the dignitaries off the dias-**

Dr. S. R. Kulkarni, HOD Surgery, KIMSDU

Dr. Mrs. Aundhkar, HOD Mediciane, KIMSDU

Dr. Patange, HOD OBGY, KIMSDU

All the teaching faculties, students and all the organizing committee members, invitees and guests.

Dr. Mrs. Surekha K. Chavan, organizing secretary welcomed the dignitaries on the dias as well as off the dias and the delegates from outside KIMS.

In her welcome speech she mentioned the theme of CME that it will update the knowledge in advance blood transfusion services and how important blood transfusion services are in modern day health care and the clinical aspects and guidelines of safe blood transfusion practices.

She also mentioned a few words about Krishna Hospital Blood Bank. she paid respect and homage to late Shri. Jaywantraoji Bhosale who was the founder of this beautiful noble creation. She expressed her gratitude to Honble Dr. Suresh Bhosale, Chairman and managing trustee, Krishna Charitable Trust, Honble Dr. Vedprakash Mishra, Chancellor, KIMSDU and honble Dr. Neelima A. Malik, Vice Chancellor, KIMSDU. She also expressed that after this conference, all

**Dean**

**Krishna Institute of Medical Sciences,  
KIMSDU, Karad**

the physicians, student, staff members attending the conference, will be enriched with the knowledge. She thanked all the delegates for participation in the CME.

The CME session started with the topic Rational use of blood and blood components which are presented by Dr. Mrs. Snehal Mujumdar, Director, Blood Bank, Rubi Hall Clinic, Pune. She gave a very insightful view of indication, therapeutic effect and contraindication of cryoprecipitate, fresh frozen plasma. She explained in detail about autologous blood donation. She also mentioned the standard criteria for donor patient selection.

Lecture on rational use of blood and blood components was followed by topic Transfusion in neonates and paediatrics which was mesmerizingly presented by Dr. Rajiv Nikate, Director, Blood Bank, Global Hospital, Thane.

The last presentation in the pre-lunch session was delivered once again by Dr. Mrs. Snehal Mujumdar on Platelet Apheresis- SDP vs RDP. The presentation was very interestingly and informatively put which caught the attention of the audience easily.

Post lunch session started with talks of Dr. Sanjeev V. Ketkar BTO Deenanath Mangeshkar Hospital & Research Centre, Pune on Massive Blood Transfusion Protocol. He gave a very detailed analysis on the topic. We are very fortunate to have the important topic covered by such a senior and experienced speaker like him. He explained the primary goal of transfusion medicine, cellular therapies and clinical diagnostics to promote high standards of quality in all aspects of patient care and related product and services.

In the continued session Dr. Rajiv Nikate, Director, Blood Bank, Global Hospital, Thane gave us the information on blood transfusion in Obstetrics and Gynaecology.

The last but not the least presentation was delivered by our very own Dr. Surekha Chavan. She very ably covered the nitigrities and important aspect of the topic Blood Transfusion Reaction. She described the life threatening and life saving process. She talked on underlying mechanism and types, associated signs and symptoms and effective management of transfusion reactions. She also discussed the preventive measures.

A brief presentation from each was followed by questions from the audience that were responded by our guest speakers and clarified their doubts. The questions from the audience were regarding indications for platelet transfusion in neuro and ophthalmic surgery patients. Discussion regarding indications of platelet transfusion in dengue patients as per the patients

**Dean**

**Krishna Institute of Medical Sciences,  
KIMSDU, Karad**

clinical condition. Discussion on autologous blood salvage in patients of ruptured ectopic pregnancy. What preventive measures and pre medication we can use for known case of allergic transfusion reactions. What clinical parameters to be recorded for monitoring the blood transfusion in patients.

Overall the discussion was informative.

At the end of the CME a workshop was conducted on patient antibody screening by Dr. Snehal Mujumdar, Dr. Mrs. Surekha Chavan, Mr. Amit Singh, product specialist of Bio Rad Laboratories.

This CME on blood transfusion has enriched and benefited all students, technicians and medical practitioners from all field.

FORENSIC MEDICINE AND TOXICOLOGY**

---

**Inauguration:**

Dr Vinay Bannur, Assistant Professor, Dept of FMT welcomed all and anchored the program for further deliberations.

The CME was inaugurated at 9.30 am by chief guest Dr S T Mohite , Dean KIMS & Dr A Y Kshirsagar, Medical Director, KIMS & Secretary Staff Scientific Society, Prof Dr S R Patil, Dept of Microbiology.

The chief guest Dr S T Mohite , Dean KIMS & Dr A Y Kshirsagar, Medical Director, KIMS & Secretary Staff Scientific Society, Prof Dr S R Patil, Dept of Microbiology were welcomed by Prof Dr D T Patil, HOD of FMT.

Guest Speakers Dr. Vishal V. Koulapur, Associate Professor, Fmt Jnmc, Belagavi, Karnataka. & Dr. Rajendr S. Bangal Dean – SKNMC & GH, Pune Maharashtra were welcomed by Prof Dr Ajay Patil, Organising Secretary of the CME.

The chief guest Dr S T Mohite , Dean KIMS & Dr A Y Kshirsagar, Medical Director, KIMS & Secretary Staff Scientific Society, Prof Dr S R Patil, Dept of Microbiology, Dr D T Patil, Organising Chairman & Dr A V Patil, Organising Secretary of CME lighted the lamp.

The inauguration session was opened by an introductory speech by Prof Dr S R Patil, Dept of Microbiology, in which he aptly stressed on the importance and need of the medical records in healthcare delivery system. Prof Dr Ajay Patil, Organising Secretary of the CME introduced the topic.

Pre-test questionnaire proforma which were distributed at the time of registration, were collected before starting of the scientific session.

**Scientific Session:**

Session -1, Lecture -1 Dr A. V. Patil Professor, FMT Kims, Karad, Maharashtra delivered the lecture on topic: IDEAL HOSPITAL RECORDS – DOCTOR'S/NURSES ROLE at 10.00 am – 11.00 am  
He highlighted the need for and specifications for Hospital records and its guidelines for how to do it.

Session -2, Lecture -1 Dr Chandrakant M. Kokatnur Associate Professor, FMT KIMS, Karad, Maharashtra delivered the lecture on topic: IMPORTANCE OF MEDICAL/NURSE RECORDS – COURT JUDGEMENTS at 11.15 am – 12.15 pm. He had discussed recent court judgments related to medical records and stressed the importance and take-away- message from the judgements.

Session -2, Lecture -2 Dr R. S. Bangal Dean – SKNMC & GH, Pune Maharashtra delivered the lecture on topic: MEDICAL NEGLIGENCE – HOW TO TACKLE THE ALLEGATIONS at 12.15 pm – 1.15 pm. He had discussed practical methods for the practitioners to resort to when there is an allegation for medical negligence. He explained the steps in view of the current practical scenario in these circumstances

Session -3, Lecture -1 Dr Vishal V. Koulapur Associate Professor, FMT JNMC, Belagavi, Karnataka delivered the lecture on topic: MEDICAL RECORDS IN MEDICO - LEGAL CASES at 2.00 pm – 3.00 pm. He had discussed legal, practical expected methods for the practitioners to follow in medicolegal cases in various circumstances.

Session -3, Lecture -2 Dr A. V. Patil Professor, FMT KIMS, Karad, Maharashtra delivered the lecture on topic: ELECTRONIC MEDICAL RECORDS – LEGAL ISSUES AND ITS FUTURE at 3.00 pm – 4.00 pm

**KRISHNA INSTITUTE OF MEDICAL SCIENCES KARAD.DEPARTMENT OF  
FORENSIC MEDICINE AND TOXICOLOGY**

---

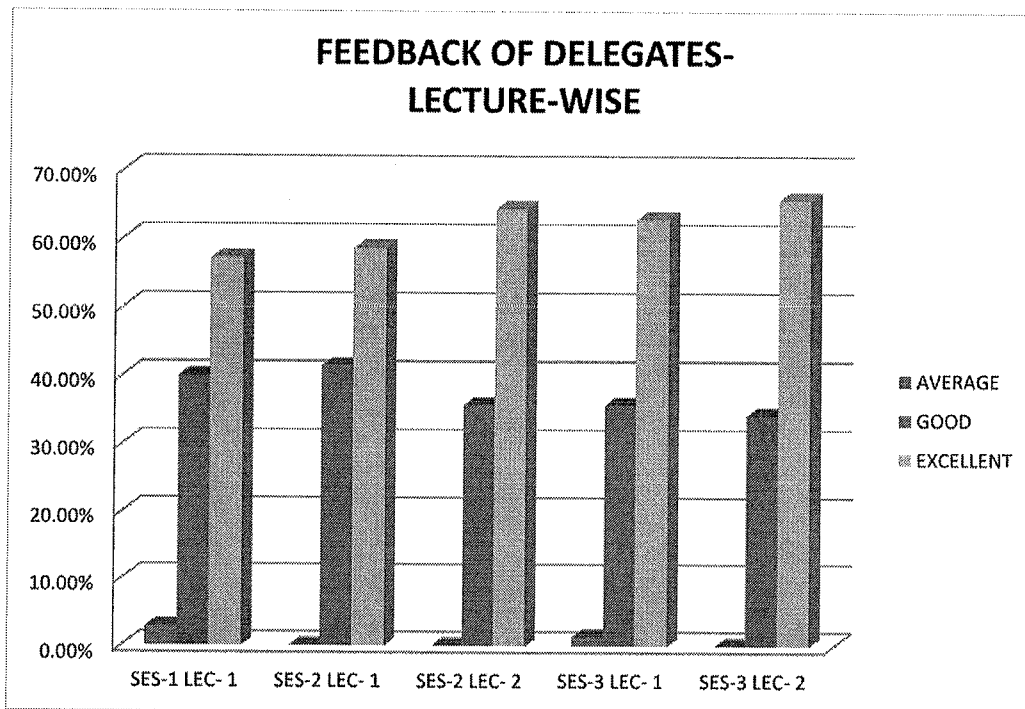

He highlighted the new developments in medical electronic records, MCI guidelines, technicalities and need for getting updated for the same..

Panel Discussion: This was conducted from 4.15pm to 4.45 pm as OPEN FORUM FOR INTERACTION WITH DELEGATES. This was addressed by all the speakers and practical questions from the delegates were discussed and answered regarding medical records, legalities etc.

Post-test questionnaire proforma & Feedback Forms were distributed. After duly filling the forms, these were collected before dispersing of the delegates..

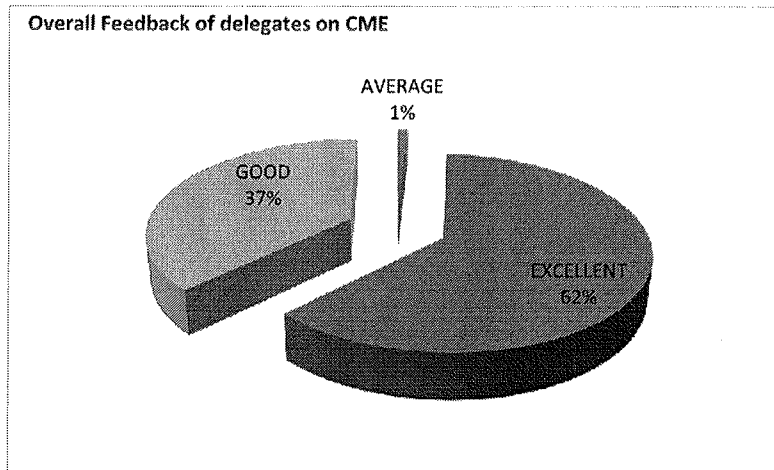

VALEDICTORY FUNCTION.: This was conducted from 4.45 pm to 5 pm. **Dr Vinay Bannur, Assistant Professor, Dept of FMT** expressed vote of thanks to all the delegates and guest speakers. He also expressed his gratitude towards Secretary of Staff Scientific Committee, Chief Guests and management of the KIMS DU , Karad.

Collected feedback forms, regarding various lectures of scientific sessions were compiled & analyzed. The results of which are as follows:

**KRISHNA INSTITUTE OF MEDICAL SCIENCES KARAD. DEPARTMENT OF  
FORENSIC MEDICINE AND TOXICOLOGY**

---

Collected PRE-TEST & POST TEST QUESTIONNAIRE proformas, regarding the topics discussed in CME were compiled & analyzed. The results of which are as follows:

The average score for the pre-test questionnaire was : 6.6 out of 15 (44%)

The average score for the post-test questionnaire was : 11.3 out of 15 (75.33%)

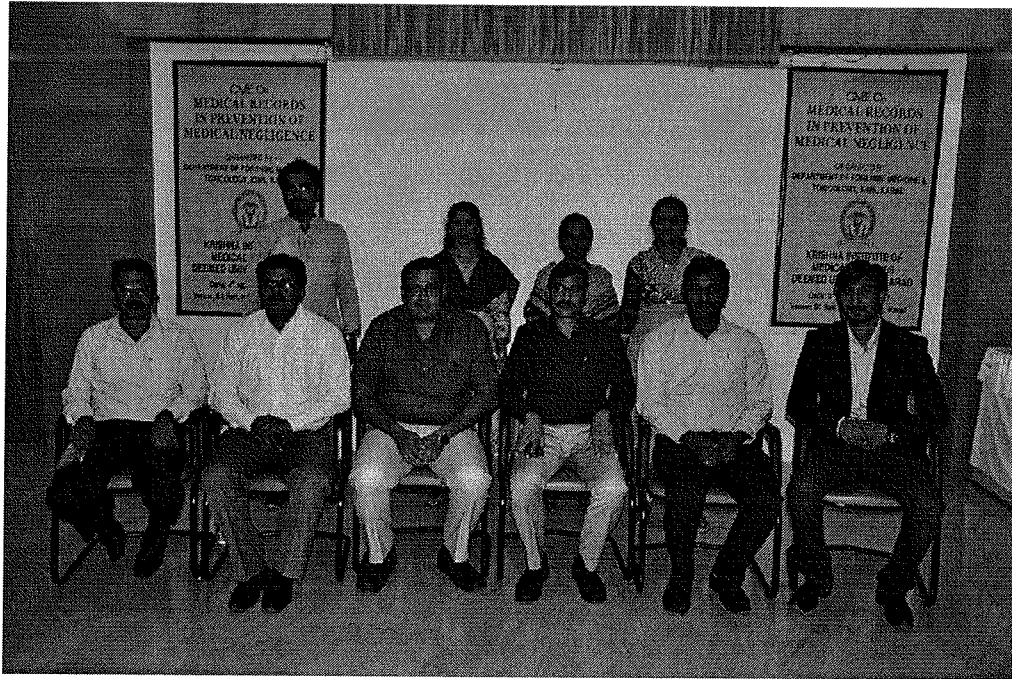

The results clearly depicts the positive impact of the deliberations of the CME with an increase in level of knowledge, skill, awareness and competence regarding medical records by 31.33% .

Kindly find the attachments of the photos along with this report.

**Name of the Topic :** “Look before you leap: a beginners guide to endodontics”

**Date:** 15/11/17

**Time:** 10:00 AM – 4 PM

**Venue :** Media room, KIMSDU, Karad

**Name of the Speaker :** Dr Vivek Hegde (Vice principal and HOD, Dept of Endodontics, M. A. Rangoonwala Dental College, Pune)

**No. of Participant : 41**

**Introduction of Programme :** Department of Periodontology in collaboration with Colgate Palmolive Pvt. Ltd conducted a webinar program for dental students and faculties on " Look before you leap a beginners guide to endodontics ". The webinar was delivered by eminent speaker and Endodontist Dr Vivek Hegde (Vice principal and HOD, Dept of Endodontics, M. A. Rangoonwala Dental College, Pune).

**Includes Level of Event –** College level

**Organized Individually by :** Department of Periodontology, School Of Dental Sciences, Karad in collaboration with Colgate Palmolive Pvt. Ltd

**Schedule of the Programme :** Introduction of speaker followed by main lecture and felicitation of the guest speaker

**Objectives of the Programme :** 1. covered the tips and tricks in diagnosis, treatment plan and prognosis in Endodontics.

2. saving the tooth with endodontic treatment even in cystic lesions of the jaws

**Brief Description of the Programme :** The webinar was conducted from morning of 15/11/17. A total of 41 participants attended the webinar. It covered the tips and tricks in diagnosis, treatment plan and prognosis in Endodontics. He also emphasized on saving the tooth with endodontic treatment even in cystic lesions of the jaws. The lecture had very well documented cases of nonsurgical management of endodontic lesions. Faculties and students of SDS asked queries regarding the topic by sending the questions through online portal and Dr Vivek answered them immediately online. The program was very well appreciated by the participants

School Of Dental Sciences, Karad**

**Event Report**

**Name of the Topic :** “FIBREDONTICS' - New dimension in fibre reinforced dentistry”

**Date:** 22/11/17

**Time:** 10:00 AM – 5:00 PM

**Venue :** Lecture hall 1, SDS, KIMSDU, Karad

**Name of the Speaker :** DR. CHANDRAMOULI

**No. of Participant :** 41

**Introduction of Programme :** The inauguration ceremony was held in lecture hall no.3 of School of dental sciences, KIMSDU, Karad. The event was graced by Hon'ble Principal of SDS, KIMSDU, Dr. Shashikiran N.D., Dr.Pronob Sanyal, HOD, Department of Prosthodontics, SDS, Dr. Mangla, HOD, Department of Conservative & Endodontics, SDS, KIMSDU, Karad. Dr.Shubha, Reader, Dept.of Prosthodontics, gave a brief introduction of the guest speakers. Felicitation of Dr. Chandramouli and Mr. Ganesh was done by Principal Sir and Dr. Rakshith Guru respectively. The inaugural function ended at 11.00 am after. which tea was served to all the delegates and the invited guests.

**Includes Level of Event –** College level

**Organized Individually by :** Department of Prosthodontics, Crown & Bridge, School Of Dental Sciences, Karad

**Schedule of the Programme :** Introduction of speaker followed by Inauguration ceremony, main lecture, hands on course and felicitation of the guest speaker

**Objectives of the Programme :** 1. use of the fiber reinforced material in Prosthodontics for replacement of teeth

2. use of the fiber reinforced material in Post and core.

**Brief Description of the Programme :** Dr. Chandramouli delivered the lecture about new GC material "Everstick" and its various uses in dentistry. He mainly spoke about use of this fiber reinforced material in Prosthodontics for replacement of teeth. He also explained its use in Post and core. In the lecture session, the guest speaker showed the clinical cases for better understanding which was well appreciated by the audience. Demonstration & Hands-on After lunch session guest speaker demonstrated use of the fiber reinforced material- Everstick for replacement of maxillary lateral incisor. This demo was carried out in lecture hall no.3 and followed by discussion with the participants.

For hands-on, registered participants were shifted to Preclinical Prosthodontic laboratory. All the participants were given models on which they did the hands-on for replacement of missing lateral incisor. Guest speaker provided the models, instruments as well as the Everstick material to the participants.

04.00 pm - 04.30 pm	Valedictory

**Brief Description of the Programme:**

The welcome and introductory note was presented by Mrs. Sheetal Samson C.P. The honours of Lamp lighting and felicitation of the Resource persons were performed by the Hon'ble Chief Guest and Guest of Honour. The audience were addressed by Ms. Tammy Ryan who shared her work with the professionals and assured them new learning through the concept of spinning babies which is her forte. Hon'ble Chief Guest Dr. Suresh Bhosale Sir addressed the gathering to share the need of the hour to consider our steps and watch them carefully in the light of our National programs and health agendas. He expressed awe at the field of maternity being dominated slowly and steadily by the Nursing community who are dedicated to the cause of quality care and natural birth. He encouraged the doctors to keep learning the art of

engaging in care that facilitates safe birth and remarkable birth experiences for the mothers and families. The vote of thanks was proposed by Dr. Archana Rokade.

The sessions were delivered with fine synchrony of theory, research and practical implications and implementation avenues put forth by Ms. Tammy Ryan.

The hands-on sessions were conducted at Krishna institute of nursing Sciences Premises in three classrooms having a FLIP-OVER arrangement to facilitate the three groups of 60 members each to rotate among three Trainers who covered practical demonstrations and return demonstrations in the given 40 minutes.

#### **OUTCOMES:**

**The pre-workshop meet** of the Resource persons with Hon'ble Vice Chancellor Madam set a stage for collaboration with Birth School India to help facilitate Doula training and other safe motherhood related trainings with Experts from the specified field.

Ms. Tammy expressed willingness to engage in this activity with the University through Birth School India. It was put forth by Dr. Malik that she envisions the provision for young women to be engaged in an enterprising venture by taking up Doula training at Krishna thus equipping them for self –employment while enriching care for the mother sand families of our region. In this case it was considered to have Mrs. Sheetal Samson, Assoc. Professor in the specialty of Ob-gyn. Nursing as the Preceptor for this course since she is trained as a Doula as well.

Pretest and Posttest carried out.  
The absolute learning gain >85% after the analysis of test.

Inauguration programme was presided by our chief guest Dr. S. T. Mohite Dean,  
Faculty of Medical Sciences, KIMS, Karad

-After that CME was arranged with panel discussion in presence of 150 delegates.

-MMC had granted 2 credit hours for the said CME.

Programme was ended with Vote of Thanks.

#### **Outcome of this CME**

##### **4. For PG students –**

For P.G STUDENTS and Private practitioners- this workshop focussed on basic settings of ventilator along with understanding of mechanics and graphics of ventilator, care of ventilated baby and ventilation strategies of various neonatal respiratory disorders with hands on training at the end of the workshop. Both PG students and private practitioners were satisfied and expressed the need for such training in their day to day clinical experiences

##### **5. For Faculty and Government Medical Officers private practitioners-**

For government medical officer- this workshop also dealt with recent advances in the management of various neonatal respiratory disorders like apnea and PPHN with hands on training on use of CPAP (noninvasive ventilation) for the same. This was useful for govt. Medical officers as they work in resource limited settings where ventilators are not available and helped them understand the importance of early identification of respiratory disorders in newborns to reduce both morbidity and mortality.

3<sup>RD</sup> APRIL 2018

A workshop on Curriculum Planning and development was organized by Education Technology cell of the University. It was attended by all senior staff members from the Institute. Most of heads of departments, Assistant registrar and registrar also attended it.

### **Learning outcome:**

Participants will be able to design a curriculum using principles learnt.

### **Session Plan:**

Time	Activity	Facilitator
<b>Introduction</b>		
9:00 am	Welcome & Inauguration Overview of the workshop	Dr. Wingkar
9:15 am	Ice-breaking	Dr. YJB / Dr. PBI
9:25 am	What is curriculum? Various Curriculum Models	Dr. YJB / Dr. PBI
10:00 am	Designing a curriculum in the context	Dr. YJB / Dr. PBI
<b>10:30 am</b>	<b>Tea Break</b>	
10:45 am	Determinants of Curriculum Kern's Six step Approach – Overview Curriculum Planning	Dr. PBI / Dr. YJB
11:30 am	Preparing a curriculum – Aligning components	Dr. YJB / Dr. PBI
<b>12:30 pm</b>	<b>Lunch</b>	
1:30 pm	Preparing a curriculum – Aligning components	Dr. PBI / Dr. YJB

KIMSDU, Karad

3:00 pm	Diseases of Curriculum	Dr. YJB / Dr. PBI
3:30-5.00 pm	Summary & Q/A Valedictory	Organizers

The Faculty for workshop was invited from G.S.Medical College, Mumbai. They explained very well: the planning and steps in planning curriculum and what happens if it not properly framed.

Faculty made the sessions very interesting.

The workshop ended with valedictory and vote of Thanks to the faculty and organizers.

Dr.Mrs.K.C.Wingkar.

Convener.

## CME Schedule

### **“Medicolegal Aspects in Clinical Practice- Injury and Death”**

Venue: S-1 Hall KIMS, Karad.

Date: May 3<sup>rd</sup> 2018

TIME	TOPIC	SPEAKER
1.30 pm – 2.15 pm	REGISTRATION AND PRETEST	
2.15 pm – 2.30 pm	INAUGARATION	
2.30 pm – 3.15 pm	MEDICOLEGAL ASPECTS OF WOUNDS, FIREARM INJURIES	<b>Dr AJAY V. PATIL</b> PROFESSOR, FMT KIMS, KARAD, MAHARASHTRA.
3.15 pm to 4.00 pm	DEATH AND ITS MEDICOLEGAL ASPECTS	<b>Dr CHANDRAKANT. M. KOKATNUR</b> ASSOCIATE PROFESSOR, FMT KIMS, KARAD, MAHARASHTRA.
4.00 pm – 4.10 pm	TEA BREAK	
4.10 pm to 4.40 pm	MEDICOLEGAL AUTOPSY	<b>Dr VINAY BANNUR,</b> ASSISTANT PROFESSOR, FMT KIMS, KARAD, MAHARASHTRA.
4.40 pm to 5.10 pm	EVIDENCES (TRACE) - STAINS, TISSUES, HAIR ETC IN CLINICAL PRACTICE- DOCTOR'S DUTIES	<b>Dr AJAY V. PATIL</b> PROFESSOR, FMT KIMS, KARAD, MAHARASHTRA.
5.10 pm – 5.20 pm	PANEL DISCUSSION – OPEN FORUM FOR INTERACTION WITH DELEGATES	
5.20 pm – 5.30 pm	POST - TEST AND VALEDICTORY FUNCTION.	

Organizing Chairman: **Dr D T PATIL, Prof & Head**

Organizing secretary: **Dr Ajay V. Patil, Prof**

Scientific Committee: **Dr Chandrakant M Kokatanur, Associate Prof**

Registration Committee: **Dr Vinay Bannur, Assistant Prof - 9739345963.**

Staff Scientific Society secretary: **Dr S R Patil, Prof, Dept of Microbiology.**

\*Registration Fees Rs 200, 1 MMC credit Point applied

Registration:-On Spot-at Venue

(Note: \*Free registration for members of Staff Scientific Society, KIMS Karad)

**KRISHNA INSTITUTE OF MEDICAL SCIENCES KARAD.                      DEPARTMENT**  
**OF FORENSIC MEDICINE AND TOXICOLOGY**

**Dr. Vinay Bannur, Assistant Professor, Dept of FMT welcomed everyone and anchored the program for further deliberations.**

**The CME was inaugurated at 2.10 pm by chief guest Dr Prakash S. Shinde – Medical Superintendent, S S Venutai Chavan sub district hospital, Karad and Dr S T Mohite , Dean KIMS, Karad.**

**The inauguration session was opened at 2.15pm by an introductory speech by Prof Dr Ajay V. Patil, organizing secretary and Professor, Dept of Forensic Medicine and Toxicology, in which he aptly stressed on the importance and need of the medico-legal aspects of injuries and death in healthcare delivery system.**

**The chief guest Dr Prakash S. Shinde – Medical Superintendent, S S Venutai Chavan sub district hospital, Karad and Dr S T Mohite , Dean KIMS, Karad were welcomed by Dr Professor Ajay V. Patil, organizing secretary and Professor, Dept of Forensic Medicine and Toxicology.**

**The chief guest Dr Prakash S. Shinde – Medical Superintendent, S S Venutai Chavan sub district hospital, Karad and Dr S T Mohite , Dean KIMS, Karad and Dr Ajay V. Patil, Organising Secretary of CME lit the lamp as a tribute to mother goddess Saraswati – considered as goddess of knowledge.**

**Chief guest Dr Prakash S. Shinde – Medical Superintendent, S S Venutai Chavan sub district hospital, Karad – then addressed the delegates and highlighted the need for this topic for everyone.**

**Pre-test questionnaire proforma which were distributed at the time of registration, were collected before starting of the scientific session.**

**Scientific Session:**

Session -1, Lecture - 1 Dr A. V. Patil Professor, FMT KIMS, Karad, Maharashtra - delivered the lecture on the topic: **MEDICOLEGAL ASPECTS OF WOUNDS AND FIREARM INJURIES** from 2.30pm to 3.15pm. He highlighted how to identify different injuries and document the same, what problems the medical fraternity and judiciary would face in case there is fault in doing this, and also discussed precautions to be taken when handling cases related to injuries.

Session -1, Lecture - 2 Dr Chandrakant. M. Kokatnur Associate Professor, FMT KIMS, Karad, Maharashtra delivered the lecture on topic: **DEATH AND ITS MEDICO-LEGAL ASPECTS** from 3.15pm to 4pm, in which he discussed the issues related to death, precautions to be taken when pronouncing and certifying death and also shared some case reports related to the same.

Session -2, Lecture - 1 Dr Vinay Bannur, Assistant Professor, Department of Forensic Medicines and Toxicology, KIMS, Karad, Maharashtra. delivered the lecture on topic : **MEDICOLEGAL AUTOPSY** from 4.10 pm to 4.40pm, in which he discussed the objectives and rules of medico-legal autopsy and also highlighted the problems faced during doing the same and measures to be taken to handle the issues.

Session -2, Lecture - 2 Dr A. V. Patil Professor, FMT KIMS, Karad, Maharashtra, delivered the lecture on topic: **EVIDENCES (TRACE) - STAINS, TISSUES, HAIR ETC IN CLINICAL PRACTICE- DOCTOR'S DUTIES** from 4.40pm to 5.10 pm, in which the duties of doctors in collecting evidences and preserving them was explained and importance of the same along with problems involved and legal issues in doing so was discussed.

**Panel Discussion:** This was conducted from 5.10pm to 5.25pm as **OPEN FORUM FOR INTERACTION WITH DELEGATES**. This was addressed by chief guest and all the speakers - practical questions from the delegates were discussed and answered regarding topics related to the CME.

Post-test questionnaire proforma & Feedback Forms were distributed. After duly filling the forms, these were

2

**Dean**  
**Krishna Institute of Medical Sciences,**  
**KIMS DU, Karad**

**KRISHNA INSTITUTE OF MEDICAL SCIENCES KARAD.**      **DEPARTMENT**  
**OF FORENSIC MEDICINE AND TOXICOLOGY**

collected before dispersing of the delegates.

**VALEDICTORY FUNCTION :** This was conducted from 5.25pm to 5.30pm. Dr Chandrakant. M. Kokatnur Associate Professor, FMT KIMS, Karad, Maharashtra expressed vote of thanks to the Chief guests and all the delegates. He also expressed his gratitude towards Secretary of Staff Scientific Committee, management of the KIMS, non teaching staff of department of Forensic Medicine and Toxicology, Karad.

Feedback forms were collected regarding various lectures of scientific sessions and were compiled & analyzed. The results of which are as follows:

Collected PRE-TEST & POST TEST QUESTIONNAIRE proformas, regarding the topics discussed in CME were compiled & analyzed. The results of which are as follows:

The average score for the pre-test questionnaire was : 4.8 out of 10 (48 %)

The average score for the post-test questionnaire was : 8.1 out of 15 (81%)

The results clearly depicts the positive impact of the deliberations of the CME with an increase in level of knowledge, skill, awareness and competence regarding Medico-Legal aspects related to injuries and death by 33% .

Kindly find the attachments of the photos along with this report.

Thanking you,

With Regards,

**KRISHNA INSTITUTE OF MEDICAL SCIENCES, “DEEMED TO BE UNIVERSITY” KARAD**

**KRISHNA INSTITUTE OF NURSING SCIENCES, KARAD**

**Name of the Topic:** Promoting Physiological Birth: Let's Revisit the Process

**Date:** 11.05.2018

**Time:** 08.00 AM – 01.00 PM

**Venue:** MET Hall, KIMS, KIMSDU Campus

**Name of the Speaker:** Mrs. Sheetal Samson C.P.

**No. of Participant:** 06 faculty and other

**Introduction of Programme:**

**Includes Level of Event:** College Level

**Organized individually by:**

**Objectives of the Programme:**

At the end of the CNE program the participants will be able to:

1. Comprehend the difference between humanization and medicalization of birth
2. Clarify the role of the mother as an active participant in birth care
3. Value birth plan and stakeholder information
4. Identify the deviations from normal emotional process of birth
5. Demonstrate support measures in labour

**Brief Description of the Programme:**

The Continuing nursing education program began with a short inaugural program. Dr. R.P. Patange, Prof. & Head, Department of ob-Gyn, KIMS, inaugurated the program by lighting the lamp along with Mrs. Sheetal Samson, Assoc. Prof. & Dean (Academics), KIMS, Mrs. Alpana Sagare, Nursing Supervisor of Maternity Unit, Mrs. Helen Mahapure, Senior Nurse in-charge and representatives of nursing staff.

Dr. Patange addressed the gathering by affirming the importance of physiological approach to childbirth. He assured the nurses of his full support to optimize care towards normal childbirth for all low risk mothers. He also encouraged the nurses to learn the art and skills of labour support so that they can implement it in the labour room.

Mrs. Sheetal Samson thanked Dr. Patange for his hearty support and motivation rendered to the nurses. The vote of thanks was proposed by Ms. Vishnupriya, I year M.Sc N. student and the compering was done by Ms. Reshma Kadam, II year M.Sc N. student of KINS.

In the first session Ms. Sheetal Samson spoke on the meaning of humanization of childbirth by drawing a parallel between the medical interventional approach and the physiological humane approach. All the findings put forth were well supported with good research from trusted update data base viz. Cochrane. The factors that promote the involvement of the mother and provide active participation of the mother which is very valuable to her intrinsic motivation to keep up with the physiological process of labour and childbirth were discussed in detail along with interesting power-point presentation and videos.

The second session covered the value of birth plan; the importance of active listening; reading the mother's emotional responses and gauging their state of mind for certain approaches and procedures. The aspect of birthing survivors of abuse was highlighted in the talk with examples. Poster and flash cards were used.

The third session touched the emotional deviations that cost the mother her wellbeing and deter her confidence to birth normally with further compromise on baby's wellbeing during the process and soon after birth. The nurse midwife's role in carrying out healthy birth practices was discussed with power point slides, relevant illustrations, role play and videos.

The hands-on session covered the demonstration of labour positions, massage techniques, breathing relaxation, use of birth ball, rebozos, hot and cold applications, lunges and squats. All the participants actively involved in return demonstration and expressed their satisfaction of learning new techniques for labour support.

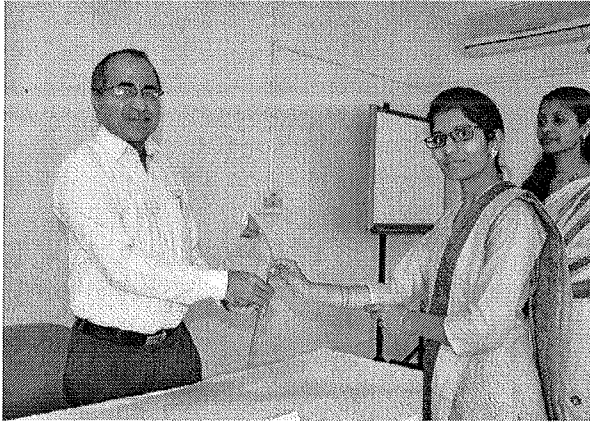

Thus with post-test the CNE program concluded at 1.00 pm.

The team attributes heart-felt thanks to the officers of the University; Hon'ble Chairman Sir, Hon'ble Chancellor Sir, with special acknowledgement of the efforts of Hon'ble Vice-Chancellor Madam, who together in unison, encourage quality care and heartily support every move taken to enhance the same. We thank the Dean, Krishna Institute of Medical Sciences; Dean, Krishna Institute of Nursing Sciences; Director of Nursing Services and Dean, Krishna College of Physiotherapy.

**SCIENTIFIC PROGRAMME****Day 1: Saturday, 2<sup>nd</sup> June, 2018**

Time	Session	Conducted By
09.00 - 10.00 am	Introduction to Surgical Pathology of Breast Cancer	Dr. Anita Borges
10.00 - 11.00 am	Mammography: What pathologist should know	Dr. Anita Borges
11.00 - 11.30 am	Tea Break	
11.30 - 01.00 pm	Needle core biopsies in breast cancer	Dr. Asawan Patil
01.00 - 02.00 pm	Lunch Break	
02.00 - 03.30 pm	Slide Discussion	Dr. Anita Borges
03.30 - 04.00 pm	Tea Break	
04.00 - 05.00 pm	Distribution of topics for presentations	

**Day 2: Sunday, 3<sup>rd</sup> June, 2018**

Time	Session	Conducted By
09.00 - 10.00 am	Immunohistochemistry: Past, Present, Future	Dr. Anita Borges
10.00 - 11.00 am	Diagnostic IHC in Breast Pathology	Dr. Anita Borges
11.00 - 11.30 am	Tea Break	
11.30 - 01.00 pm	Predictive pathology in breast cancer & quality assurance	Dr. Anita Borges
01.00 - 02.00 pm	Lunch Break	
02.00 - 03.00 pm	Demonstrations of Basic Molecular techniques: Immunostaining, DNA isolation, Polymerase Chain Reaction, ELISA	MAMB Team
03.00 - 03.30 pm	Tea Break	
03.30 - 04.30 pm	Demonstrations of Basic Molecular techniques: Immunostaining, DNA isolation, Polymerase Chain Reaction, ELISA	MAMB Team
4.30 pm onwards	Presentation preparation	Library

**Day 3: Monday, 4<sup>th</sup> June, 2018**

Time	Session	Conducted By
09.00 - 10.00 am	Genomics in Breast Cancer	Dr. Rita Mulhkar
10.00 - 11.00 am	Presentations	Discussion with Panel
11.00 - 11.30 am	Tea Break	
11.30 - 01.00 pm	Presentations	Discussion with Panel
01.00 - 02.00 pm	Lunch Break	
02.00 - 03.00 pm	Q&A Session	

**REGISTRATION DETAILS**

**Registration fee for workshop:** 3500/-  
(Complementary Tea/Coffee, Breakfast, Lunch & Kit)

**Last date of application: 30<sup>th</sup> May, 2018**

Being a hands-on workshop admissions are restricted to 30 participants

**Current Trends in Pathology of Breast Cancer June, 2018**

Workshop organized by Krishna Institute of Medical Sciences Deemed University, Karad & Moving Academy of Medicine & Biomedicine, Pune & Staff of Department of Pathology.

( For Residents. From 2<sup>nd</sup> June To 4<sup>th</sup> June 2018)

**Day 1 Saturday 2<sup>nd</sup> June 2018.**

**Morning Session:-**

The first day of the workshop started with Dr.S.R.Kanetkar welcoming all participants including teaching staff & PG students of Pathology department and a brief introduction of Dr.Anita Borges, Director COE Histopathology, SRL Diagnostic, Mumbai. She started the session with introduction to Surgical Pathology of Breast Cancer followed by Mammography aspects of breast cancer useful for pathologist while reporting breast cancer. She also conducted a slide seminar on breast cancer cases.

Next session was conducted by DrAsawari Patil, Associate Professor & renowned experienced Surgical Pathologist, Tata Memorial Centre, Mumbai.

**Summary of the Topic :-**

- Recent Trends in Breast Cancer (New AJCC guidelines)
- Needle core biopsies in breast cancer.
- Interesting cases discussion.

**Dean**  
Krishna Institute of Medical Sciences,  
KIMSDU, Karad

**Professor & Head**  
Dept. of Pathology  
KIMS, Karad

**KRISHNA INSTITUTE OF MEDICAL SCIENCES DEEMED TO BE UNIVERSITY, KARAD**

**DEPARTMENT OF PATHOLOGY**

**Current Trends in Pathology of Breast Cancer June, 2018**

**3 - 6 -2018 Day 2**

**Morning Session:-**

The second day of workshop began with a Scientific Session by Dr.Anita Borges, Mumbai.

**Summary of the Topic:-**

- Immunohistochemistry, past, present, future.
- Diagnostic IHC in Breast Pathology.
- Predictive Pathology in breast cancer & quality assurance.
- Slide Seminar on breast cancer, cases.

**Afternoon Session:-**

Afternoon Session began with a welcome & brief introduction of Dr.Rita Mulherkar, Former Scientist Genetic Engineering Unit ACTREC, Navi Mumbai & Vice President & Treasurer MAMB, Pune.

Dr.S.R.Kanetkar welcomed Dr.Rita Mulherkar and MAMB team.

Dr.Rita Mulherkar & MAMB team gave demonstrations of Basic molecular techniques.

**Summary of the Workshop :-**

- Demonstrations of Basic Molecular Techniques & hands on for participants.
- Immunostaining, DNA isolation, polymerase chain reaction.
- ELISA & Hands on by participants.

  
Dean

Krishna Institute of Medical Sciences,  
KIMSDU, Karad

  
Professor & Head  
Dept. of Pathology  
KIMS, Karad

4 - 6 - 2018 Day 3

**Morning Session:-**

DR.Rita Mulherkar conducted a session on Genomics in Breast Cancer.

**Summary of the Topic :-**

- Genome based diagnostic test in breast cancer.
- Prognostic factors of breast cancer.
- Targeted therapy in breast cancer.
- Neoadjuvant chemotherapy modality in breast cancer.

This was followed by demonstration of Immunohistochemistry in Breast cancer cases by Dr.Mrs.Nanda J. Patil, Professor in Pathology, KIMS, Karad.

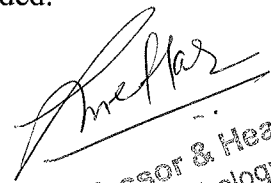

**Summary of the Session :-**

- Demonstration of ER, PR & Her 2 new in Breast cancer cases.
- Demonstration of positive & negative controls.
- Interpretation of immunohistochemistry i.e. ER, PR & Her 2 new in Breast cancer cases.

Dr.Nanda J. Patil proposed vote of thanks & workshop was concluded.

Dean

**Education Technology Cell, KIMSDU**

**Report of “Basic Workshop in Health Sciences Education Technology”**

Education Technology Cell of KIMSDU conducted a Basic Workshop in Health Sciences Education Technology on 19<sup>th</sup> to 21<sup>st</sup> June 2018. Total 28 Teaching staff members from SDS, College of Physiotherapy, KINS, Allied Sciences and Pharmacy attended the workshop.

Phenomenon of Learning and Adult Learning Principles, Domains and Taxonomy, Curriculum, Outcomes & Objectives, Communication Skills, Introduction to Microteaching Teaching skills, Introduction to Teaching Learning Methods, Teaching Large Groups, Assessment of Knowledge : MCQ, SAQ, LAQ were the lectures conducted over 3 days. The workshop was conducted as per schedule.

Resource persons for the workshop were:-

- |                           |                                        |

## Report of Workshop in Research Methodology 2017

Krishna Institute of Medical Sciences Deemed University, Karad scheduled workshop in research methodology for post graduate students from faculty of Medicine, Nursing, Dental and Physiotherapy and also for Ph. D. students as well as for interested faculty members.

Workshop was conducted as per scheduled programme (Attached time table for the workshop) from 3<sup>rd</sup> to 7<sup>th</sup> Oct 2017. Workshop was conducted for 5 days. Everyday irrespective of lunch break, lecture/discussion session were conducted for 6hrs. The total hours of lectures delivered /discussion were 30 hours.

Total 123 delegates attended the workshop out of that 69 from medical 18 from dental, 17 from physiotherapy, 13 from nursing, 2 Ph. D. students and 3 faculty members .

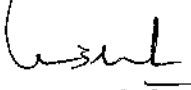

Workshop began with inaugural programme. In welcome address Dr. Mrs. Supriya Patil explained about the importance of this workshop as well as plan for the same. Dr. A. K. Pratinidhi our former Director of Research was Chief Guest. In her speech stressed upon need of research. Dr. Arun R. Risbud Director of Research explained in detail about the expectations from this workshop. Subsequently topics covered were need of research study, designs, framing of research question, basic statistics, sample size & statistical software's.

This year as a part of this workshop one session on ICT was included. Also this year we included aluminous of Krishna Institute of Medical Sciences as resource person. He delivered lecture on how to write thesis best practices which was appreciated by all the delegates.

Writing of research proposal was covered on 2<sup>nd</sup> day of workshop and subsequently group activity for preparation of research protocol was given to five groups (2 - Medical, 1 - Nursing, 1 - Dental, 1 -Physiotherapy) on last day one representative from each group presented the protocol which was assessed by Judges Dr. A. K. Pratinidhi and Dr. P. M. Durgawale. Winner & runner up groups were awarded with trophy at the time of valedictory function.

All the sessions were interactive, informative and good quality. Topics were covered by resource persons from NARI Pune, other renowned teaching institutes and KIMSDU. Pre-post test, feedback evaluation will be completed within 2 weeks. Maharashtra medical council has given two credit points. Certificates will be given to delegates who have satisfactorily completed the workshop.

I am very much thankful to Dr. Arun Risbud sir for his encouragement, guidance and support. I extend my sincere thanks to all resource persons as well as all staff members from research office KIMSDU, because of their co-operation and help smooth conduction of workshop was possible. I thank Miss. Archana Madam Assist. Registrar for her help in MMC credit points.

## Professional Development Program Report

Department: Housekeeping

Venue: Medicine Dept. Lecture Hall

Date: 08.08.17

Time: 09:00 – 17:05 (All to be seated by 08:50)

Topic: Housekeeping Management

Trainer / Speaker: Mr. Dhananjay Patil

---

The PDP was conducted on the above mentioned date. Details of the program are as under:

Sr. No	Details	Details
1	Total number of participants	73
2	Total duration of the program	8 hours

The entire training was divided into three sessions as below:

1. Green Zone cleaning
2. Yellow Zone cleaning and disinfection
3. Red Zone cleaning and disinfection

The entire session was an interactive one with ample use of audio – visual aids for maximum efficiency and optimal reach. A separate question time was allotted to clarify doubts of the participants.

Green Zone cleaning= General area and Outside area.

The above areas are cleaned in a day for two times.

Hospital common areas clean by wet mopping

Cobwebs and railing cleaned as per weekly scheduled.

Yellow Zone cleaning and disinfection = six times per day cleaning

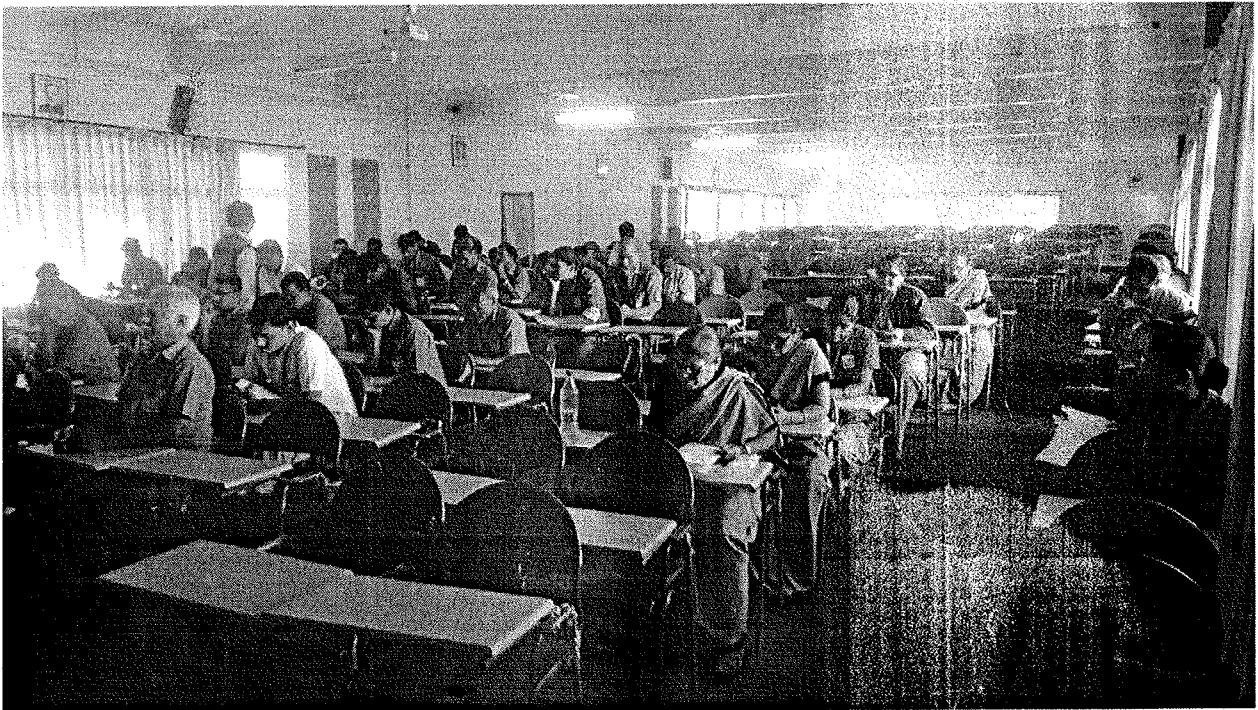

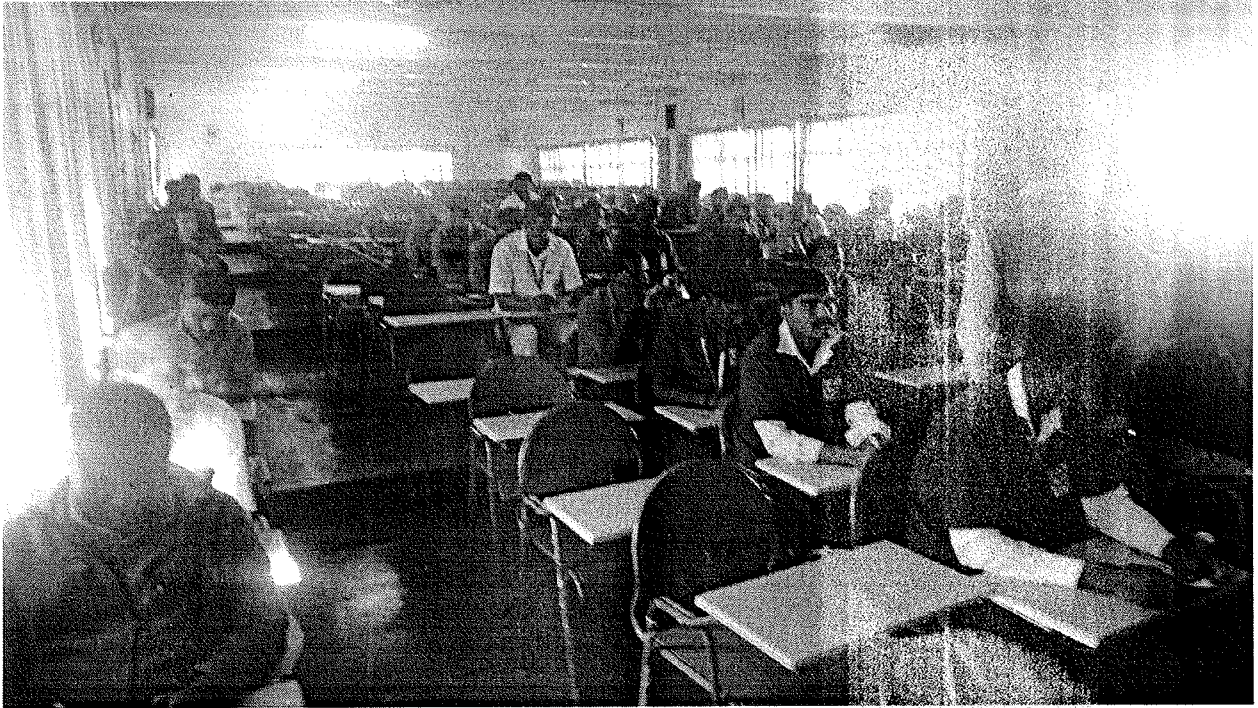

By bacilloid diluted in the water for disinfection.

Red Zone cleaning and disinfection = minimum six times per day or as per requirement By bacilloid diluted in the water for disinfection.

Dhanyu D. Patel

## Professional Development Program Report

**Department:** Biomedical Waste Management

**Venue:** Biomedical Waste Management Office

**Date:** 17/08/2017

**Time:** 09.00 am

**Topic:** 'Biomedical waste management & spillage cleaning' - For employees transferred to BMWM

**Trainer / Speaker:** Mr. Ganesh Sunil Patole

The PDP was conducted on the above mentioned date. Details of the program are as under:

Sr. No	Details	Details
1	Total number of participants	3
2	Total duration of the program	8 hours
3	Feedback details	
	A	Good
	B	
	C	
4	Tests	
	Post Training Test Percentage	73.3

This session was conducted specifically for employees transferred to BMWM department. The session was conducted as below

Session 1 – What is BMWM and Rules of MPCB

Session 2 – BMW collection, segregation and disposal

Session 3 BMW handling care and PPE usage

Recap

Post training test and closure

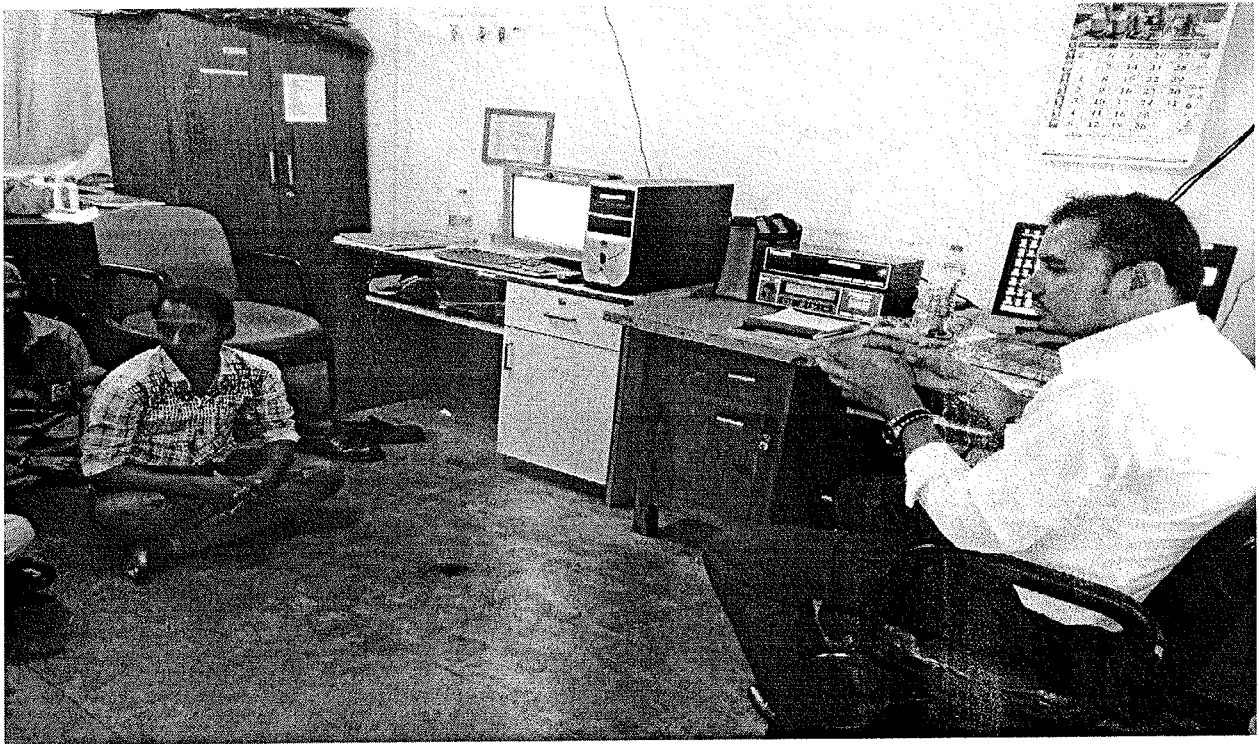

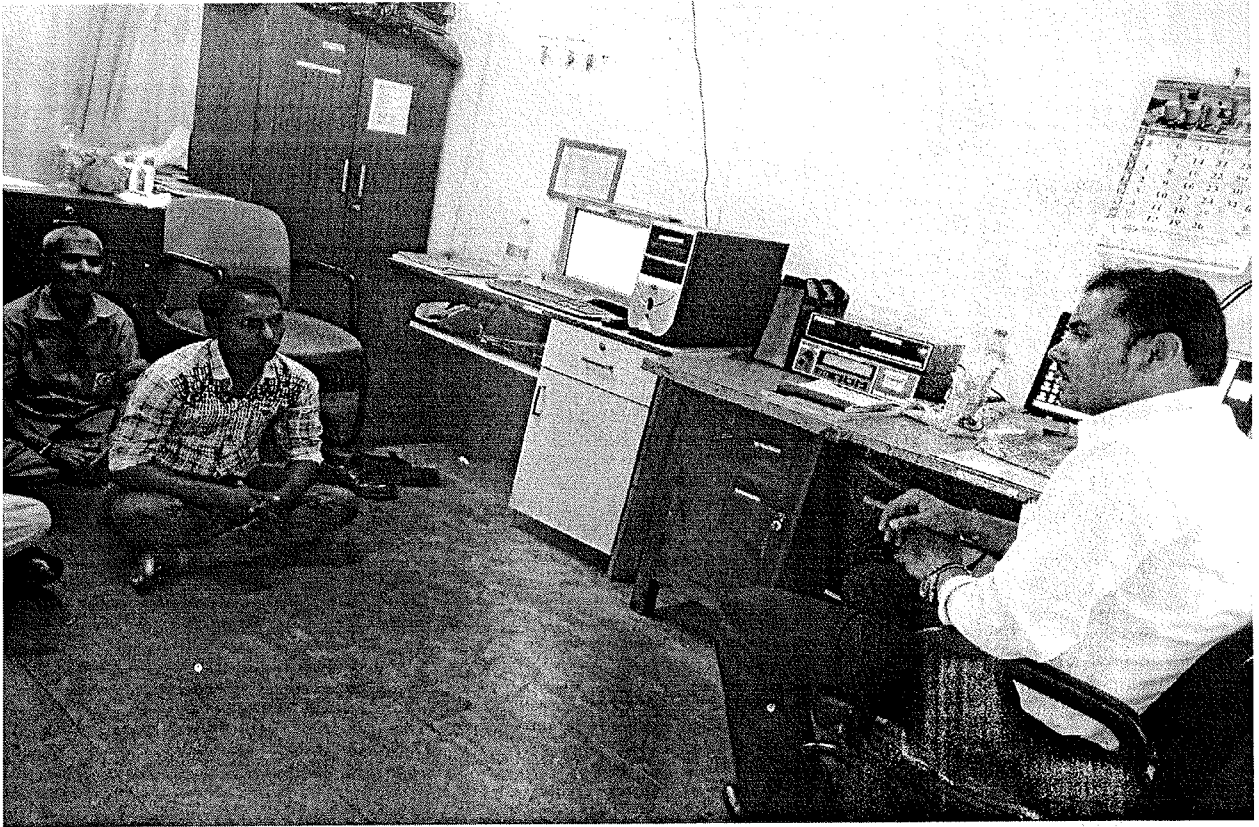

In first session, we have covered the points like biomedical waste management & rules of MPCB related to this. In this session under biomedical waste management point we covered the points like the definition of biomedical waste, the categories of biomedical waste, and examples of biomedical waste, source & area of the generation of biomedical waste. Under the rules of MPCB for biomedical waste management point we have covered the points like the rules of MPCB to collect, treat & dispose the biomedical waste according to 'Biomedical waste management rule, 2016'.

In second session, we have covered the points like collection, segregation & disposal of biomedical waste. Under this above mentioned topic we have covered the points like our institute's policy for biomedical waste management according to MPCB rules. Also which type of waste should keep in the particular color coded container that point; which type of waste should & should not segregate; different methods for disposal of different category of biomedical waste etc. these points have covered under this session.

In third session, we have covered the points that what care should be taken while handling the biomedical waste. Under this session we mention the different types of PPE's like safety shoes, hand gloves, mask cap, apron etc.; usage of these PPE's while handling of biomedical waste.

After these sessions; we have taken the post training test & close the training program.

The entire session was an interactive one with ample use of audio – visual aids for maximum efficiency and optimal reach. A separate question time was allotted to clarify doubts of the participants. New joining in professional life as employees is turning point in every person.

Understanding rules and regulations of new organization and coping with new one it's a great responsibility on staff nurses. Employee rights and responsibility, patients' rights and responsibility and nurse's role plays important role in inductions. Leave availability, adjustment of duty, leaves, communication pattern, professional responsibilities' these specific points were also discussed in induction program.

and optimal reach. A separate question time was allotted to clarify doubts of the participants. Children's are like butterflies it's impossible to keep them in one place. So there were more incidents about accidents in children's. Parents, family members, school teachers plays an important role in prevention. In hospital setting prevention of accidents it's a very important role of nursing staff and all health team members. These all points were discussed.

## Professional Development Program Report

**Department:** Biomedical Waste Management

**Venue:** Biomedical Waste Management Office

**Date:**23/01/2018

**Time:**09:00 am to 05:00 PM

**Topic:**‘Biomedical waste management & spillage cleaning, HAZMAT, E-Waste Management

**Trainer / Speaker:** Mr. Ganesh Sunil Patole

The PDP was conducted on the above mentioned date. Details of the program are as under:

<b>Sr. No</b>	<b>Details</b>	<b>Details</b>
1	Total number of participants	7
2	Total duration of the program	8 hours
3	Feedback details	
	<b>A</b>	Good
	<b>B</b>	
	<b>C</b>	
4	Tests	
	Post Training Test Percentage	64.2

The training was conducted in the below 4 sessions

Session 1 – Biomedical waste management & spillage cleaning

Session 2 – HAZMAT

Session 3 E-Waste Management

Session 4 Post training test and closure

The feedback received during the training was 100% excellent

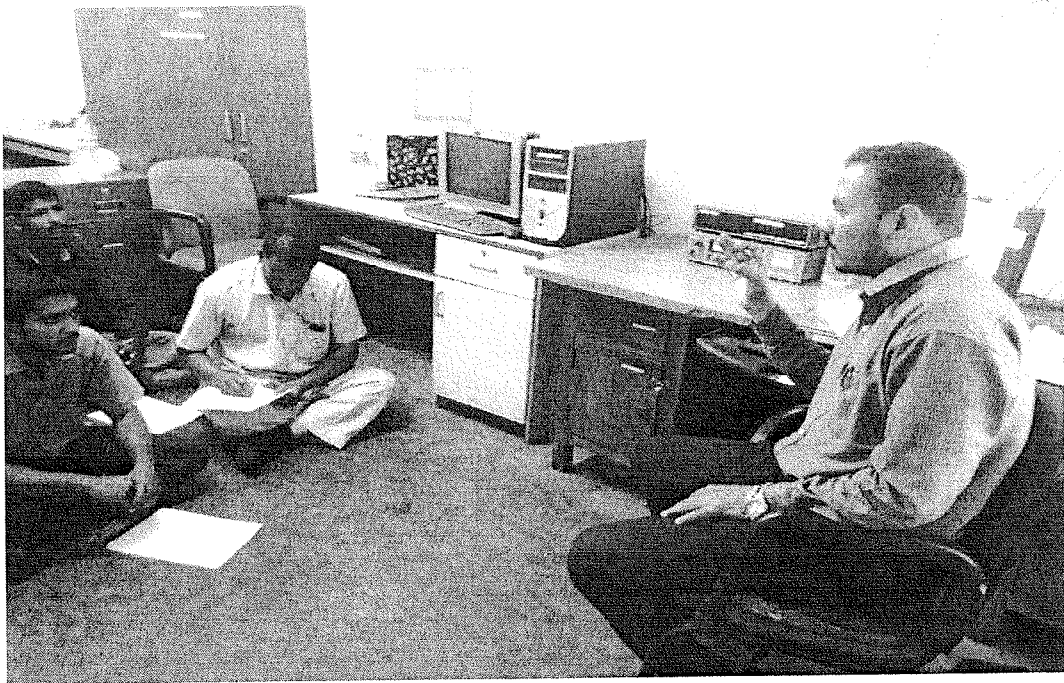

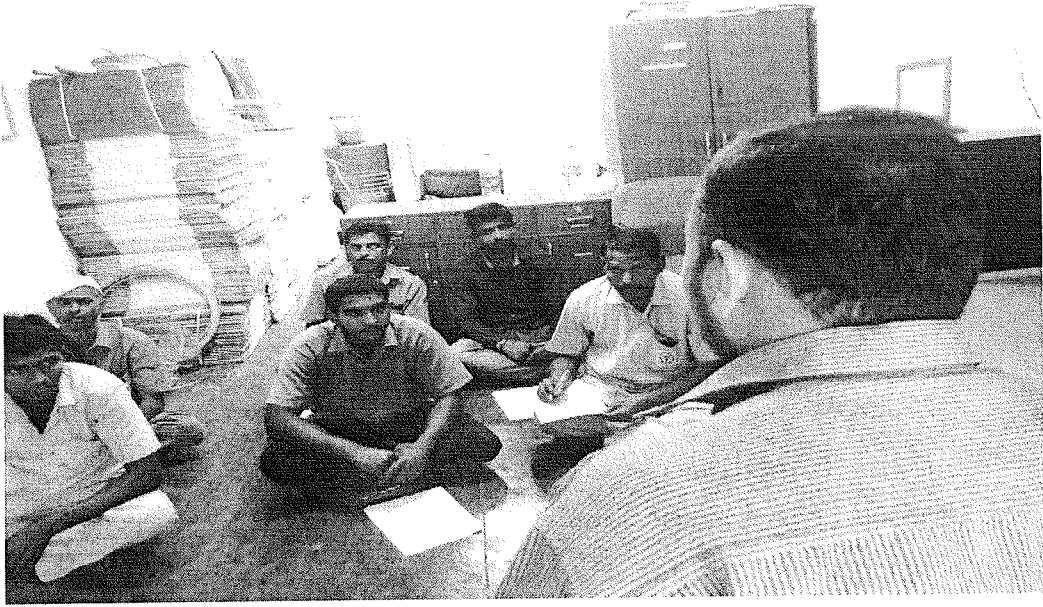

In first session, we have covered the points like definition, categories, sources and examples of biomedical waste. Also we have seen the rules of MPCB for the collection, segregation, treatment & disposal of biomedical waste. Then we have seen the policy for the biomedical waste management. In this session, we have seen usages of PPE's for the handling of biomedical waste. In session, also we have taken mock drill of the blood spills cleaning & also taken training on other hazardous material spills cleaning.

In second session, we have seen the different hazardous materials uses in the hospital for different purposes like for housekeeping, for labs etc. We have taken training session for the HAZMAT spills cleaning.

In third session, we have seen the Institute's policy for the E-Waste Management. In last session, we have taken post training exam for the participants & closed the training program.

## Professional Development Program Report

Department: Pharmacy

Venue: Pharmacy Dept.

Date: 12.02.18

Time: 09:00 – 17:05 (All to be seated by 08:50)

Topic: Pharmaceutical Management

Trainer / Speaker: Mr. Jadhav; Mrs. Rashmi Kulkarni; Mr. Mohite Chandrakant

---

The PDP was conducted on the above mentioned date. Details of the program are as under:

Sr. No	Details	Details
1	Total number of participants	21
2	Total duration of the program	8 hours

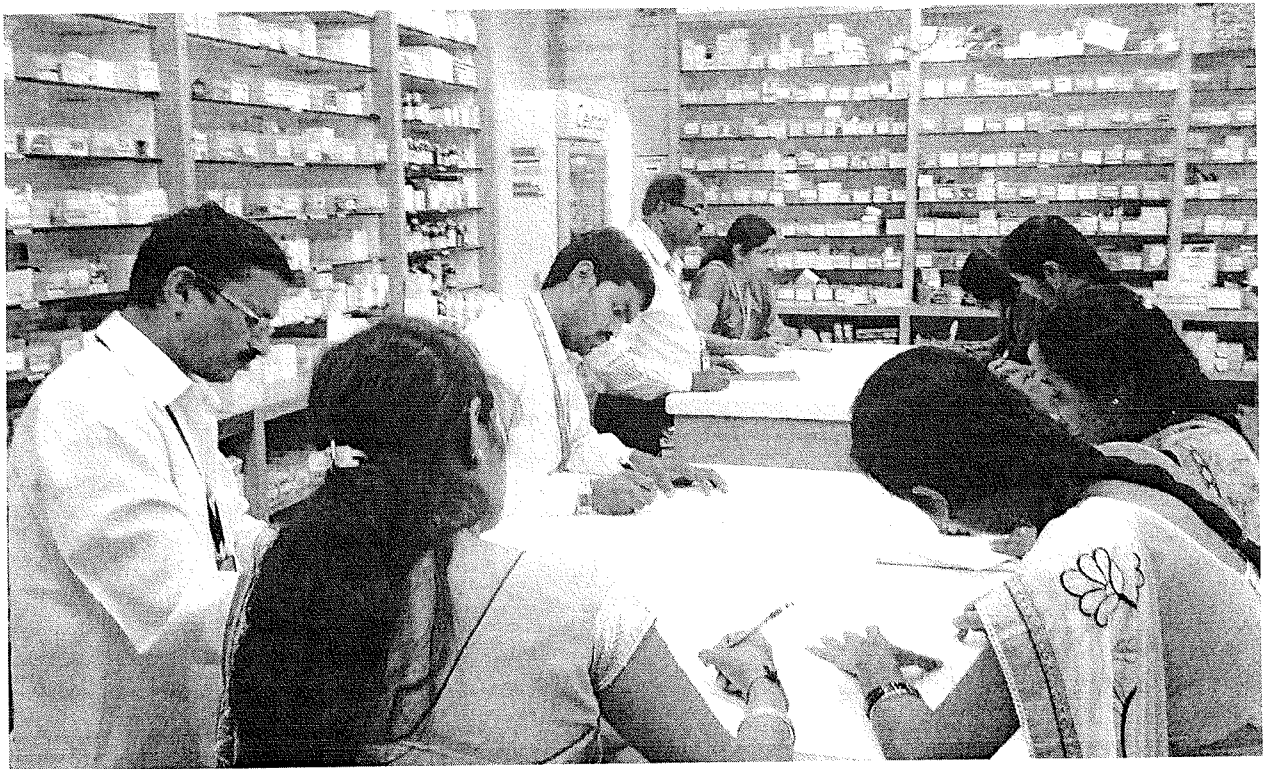

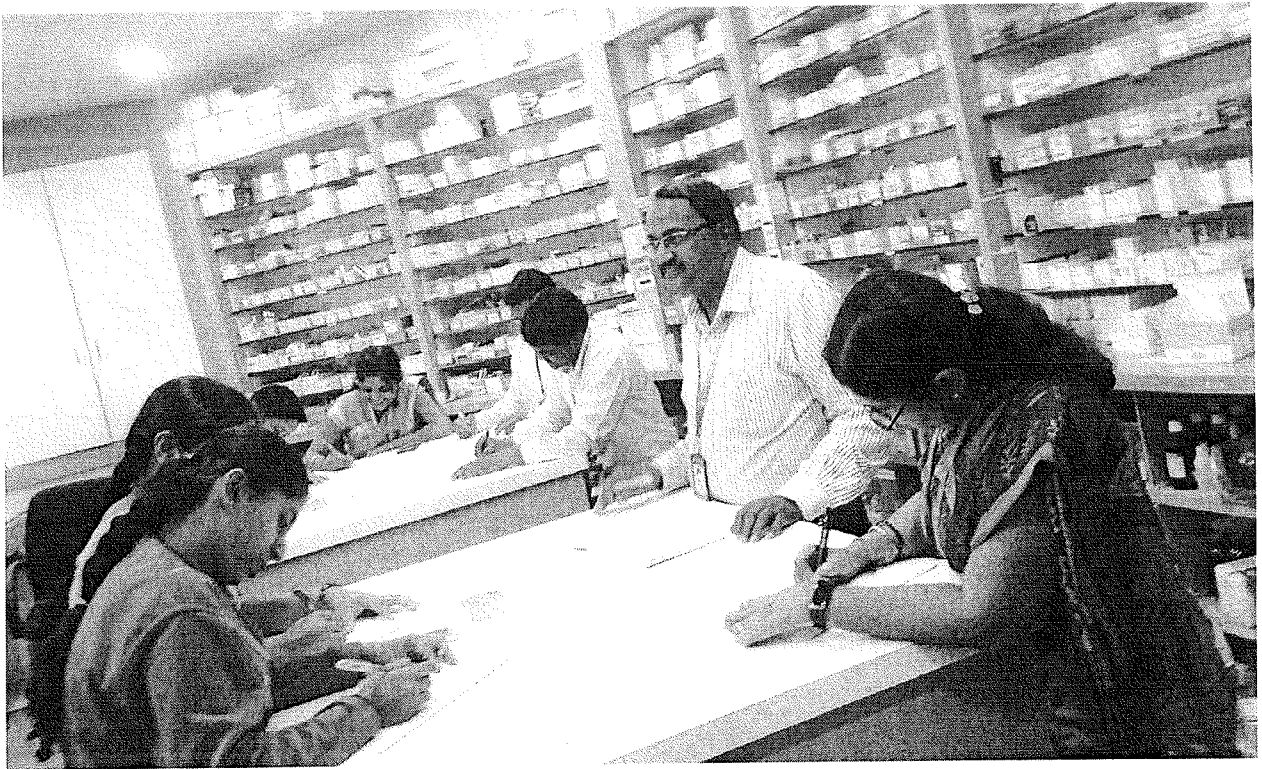

The entire training was divided into three sessions as below:

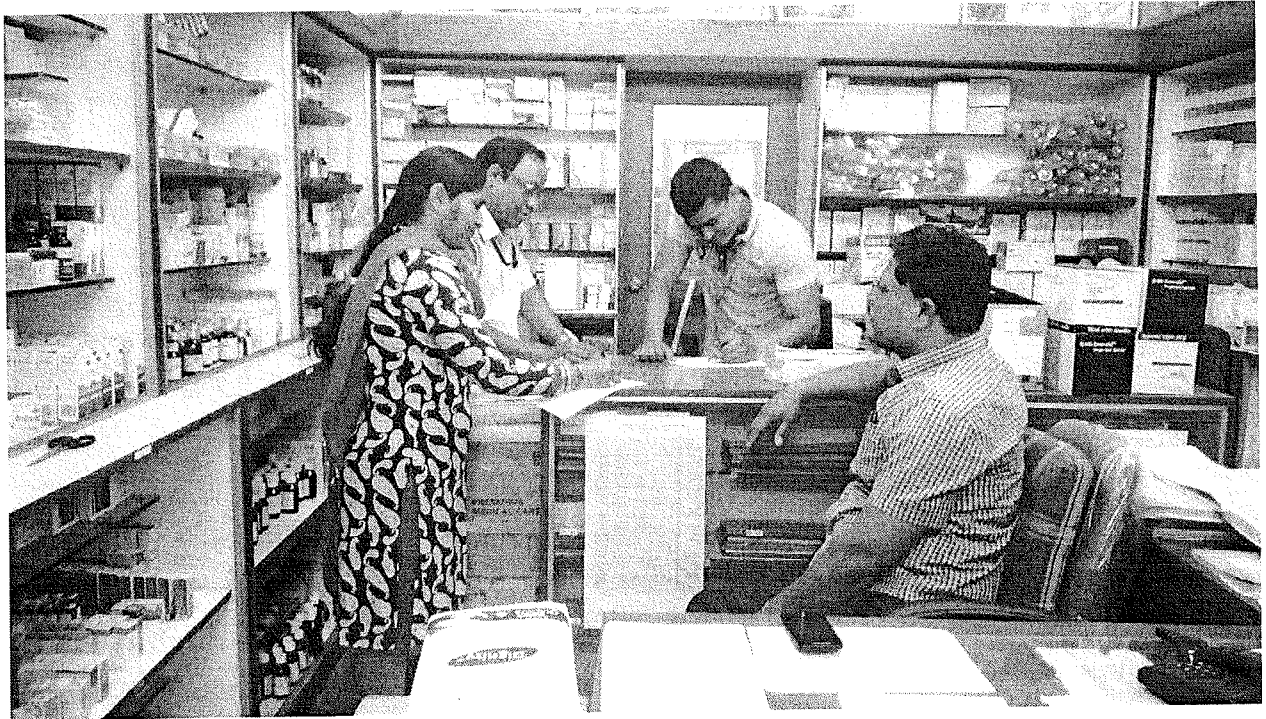

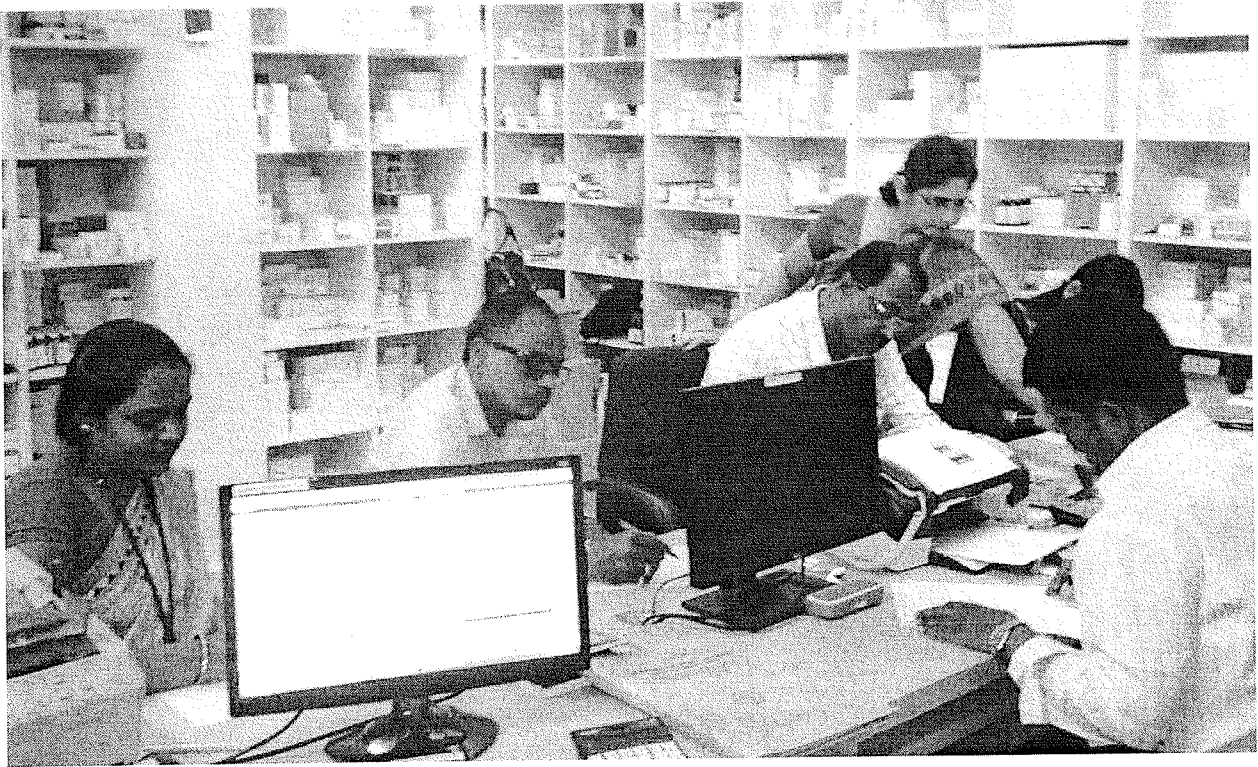

1. Ordering, Stocking and Billing: Mr. Jadhav  
The orders should be placed to the authorized distributors by rechecked before placing.
2. Look Alike Sound Alike Medication: Mrs. Rashmi Kulkarni  
The Look Alike Sound Alike medication should be kept in separate location and checked twice while dispensing.
3. Adverse reaction Management: Mr. Mohite C.E  
The ADR forms should be filled if any ADR occurs.

The sessions were conducted in the pharmacy department itself to ensure ease of access to the pharmacy software thereby enabling ease of understanding and day to day operations.

The entire session was an interactive one with ample use of audio – visual aids for maximum efficiency and optimal reach. A separate question time was allotted to clarify doubts of the participants.

## Professional Development Program Report

Department: NURSING

Venue: Jupiter Hall

Date: 23/04/2018

Time: At - 09am to 05 pm.

Topic: Role of Nursing Supervisor

Trainer / Speaker: Mrs. S.T.Shinde

The PDP was conducted on the above mentioned date. Details of the program are as under:

Sr. No	Details	Details
1	Total number of participants	52
2	Total duration of the program	8 hours

Feedback was at 70% - Excellent

The training was conducted in 4 different sessions as below

Session 1 – Understanding nursing as a profession

Session 2 – Patient Management

Session 3- Staff Management.

Session 4- Data Management

Both pre and post training tests were conducted. The entire session was an interactive one with ample use of audio – visual aids for maximum efficiency and optimal reach. A separate question time was allotted to clarify doubts of the participants. Nursing as profession at bed side supervisors plays important role.

## Professional Development Training- Report

**Department:** Biomedical Waste Management

**Venue:** Biomedical Waste Management Office

**Date:**24/04/2018

**Time:**09:00 to 05:00

**Topic:**‘Biomedical waste management & spillage cleaning’

**Trainer / Speaker:** Mr. Ganesh Sunil Patole

The PDP was conducted on the above mentioned date. Details of the program are as under:

<b>Sr. No</b>	<b>Details</b>	<b>Details</b>
1	Total number of participants	6
2	Total duration of the program	8 hours
3	Feedback details	
	<b>A</b>	Good
	<b>B</b>	
	<b>C</b>	
4	Tests	
	Post Training	91.6

The training was conducted in the below 5 sessions

Session 1 – What is BMWM

Session 2 – BMWM rules

Session 3 BMWM collection, segregation and disposal

Session 4 Spillage cleaning

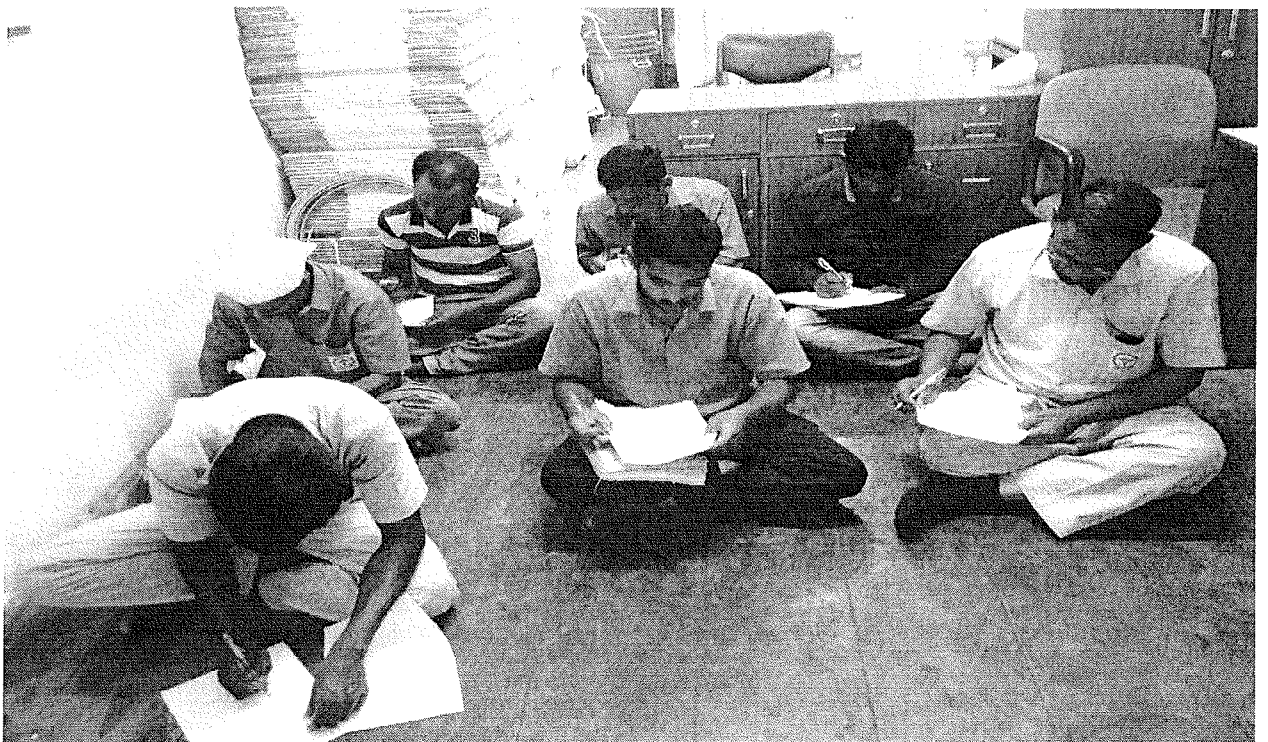

Post training test and closure

Feedback was taken during the training which was good

In first session, we have seen the definition, categories, sources & examples of biomedical waste. In second session, we have seen the 'Biomedical waste management rule, 2016' which is mandatory for the management of biomedical waste by the MPCB. In third session, we have seen the institute's policy for the collection, segregation & disposal of biomedical waste. In this session, we have seen the collection timing for different shifts. Also, we have seen the procedure of collection & segregation of biomedical waste. In fourth session, we have taken the mock drill of blood spills cleaning. In this session, we have covered the points the identification of different hazardous materials uses in the hospital; what should be action taken while major spills happen? Which type of hazmat kit should be uses for the spills of that particular hazardous chemical? What is the cleaning & disposal procedure after cleaning of hazmat spills?

In fourth & last session, we have taken the post training exams for the participants. During this, we have taken feedback which was good.

## Professional Development Program Report

Department: Housekeeping

Venue: Medicine Hall

Date: 25.4.2018

Time: 09:00 to 17:00

Topic: Spillage Management, Infection Control, Patients Safety

Trainer / Speaker: Mr. Dhananjay D Patil.

---

The PDP was conducted on the above mentioned date. Details of the program are as under:

<b>Sr. No</b>	<b>Details</b>	<b>Details</b>
1	Total number of participants	35
2	Total duration of the program	8 hours

The training was conducted in 5 different sessions as below

Session 1 – Spillage Management

Session 2 – Infection Control

Session 3 Patient Safety

Session 4 Infection control Precautions

Post training test and closure

Audio visual aids were used during the training for effectiveness and efficiency

Identification of hazardous material used in hospital

Types of spillage according to their volume

- a) Major Spill = hazardous material , spills more than 30 gm/ 30 ml
- b) Minor Spill = hazardous material , spills less than 30 gm/ 30 ml

Major Spill has to clean by biomedical waste management team and minor spill cleaned by class IV .

There are two types of spill kits

- a) Hazmat Kit
- b) Mercury Kit

During handling spillage has to follow following terms:

- a) PPE usage before cleaning of hazmat spills.
- b) Different procedure for different hazmat spills.
- c) Use of appropriate spill kit for cleaning spill.

Disposal of collect hazmat spill as per BM waste Segregation.

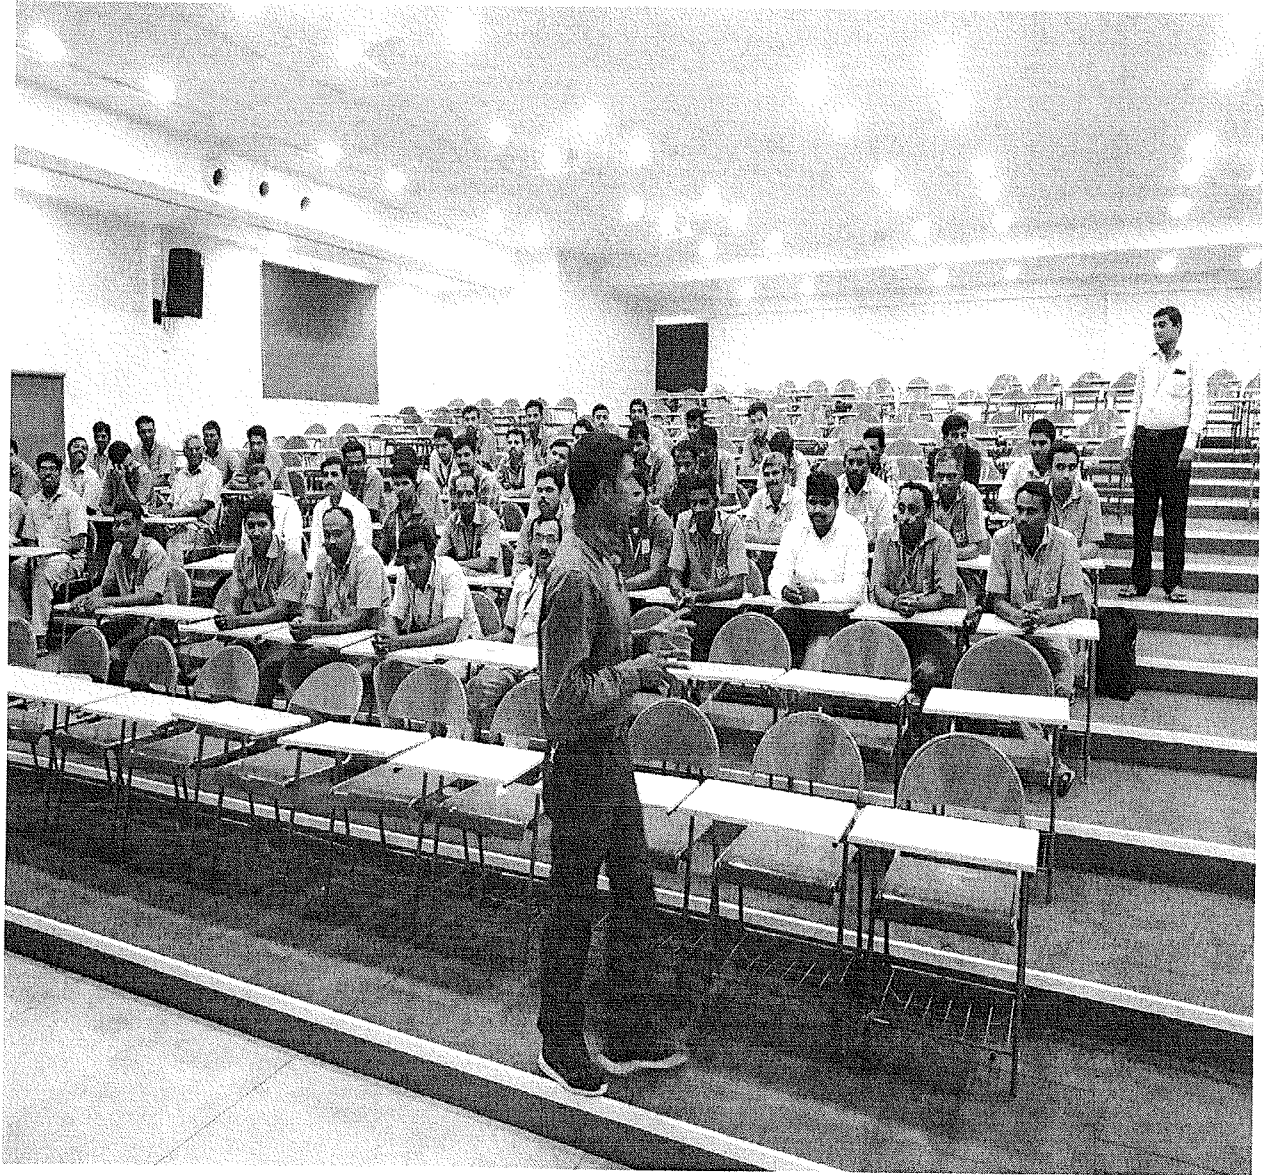

To increase awareness of patients safety some general guidance and following patients safety stapes taken by hospital

- a) Every starchier and wheelchair has Safety belt, so can patient does not fall during transfer.
- b) Every patient bed has side railing
- c) In the every toilet emergency bell & installed
- d) Infection control committee established.
- e) Every staircase and ramp having side railings.
- f)

## Professional Development Program Report

**Department:** Biomedical Waste Management

**Venue:** Biomedical Waste Management Office

**Date:** 17/08/2017

**Time:** 09.00 am

**Topic:** 'Biomedical waste management '- For employees transferred to BMW

**Trainer / Speaker:** Mr. Ganesh Sunil Patole

The PDP was conducted on the above mentioned date. Details of the program are as under:

Sr. No	Details	Details
1	Total number of participants	5
2	Total duration of the program	8 hours
3	Feedback details	
	A	Good
	B	
	C	

This session was conducted specifically for employees transferred to BMW department. The session was conducted as below

Session 1 – What is BMW and Rules of MPCB

Session 2 – BMW collection, segregation and disposal

Session 3 - BMW handling care and PPE usage

Recap

And closure

G. Patole  
Mr. Ganesh S. Patole

In first session, we have covered the points like biomedical waste management & rules of MPCB related to this. In this session under biomedical waste management point we covered the points like the definition of biomedical waste, the categories of biomedical waste, and examples of biomedical waste, source & area of the generation of biomedical waste. Under the rules of MPCB for biomedical waste management point we have covered the points like the rules of MPCB to collect, treat & dispose the biomedical waste according to 'Biomedical waste management rule, 2016'.

In second session, we have covered the points like collection, segregation & disposal of biomedical waste. Under this above mentioned topic we have covered the points like our institute's policy for biomedical waste management according to MPCB rules. Also which type of waste should keep in the particular color coded container that point; which type of waste should & should not segregate; different methods for disposal of different category of biomedical waste etc. these points have covered under this session.

In third session, we have covered the points that what care should be taken while handling the biomedical waste. Under this session we mention the different types of PPE's like safety shoes, hand gloves, mask cap, apron etc.; usage of these PPE's while handling of biomedical waste.

## Professional Development Program Report

**Department:** Pharmacy Department.

**Venue:** Pharmacy Department

**Date:** 14.06.2018

**Time:** 09.00 am – 05.00 pm

**Topic:** "Storage of LASA, High Alert and Narcotics & Psychotropic Drugs"

**Trainer / Speaker:** Mrs. Rashmi Kulkarni.

The PDP was conducted on the above mentioned date. Details of the program are as under:

Sr. No	Details	
1	Total number of participants	14
2	Total duration of the program	8 hours

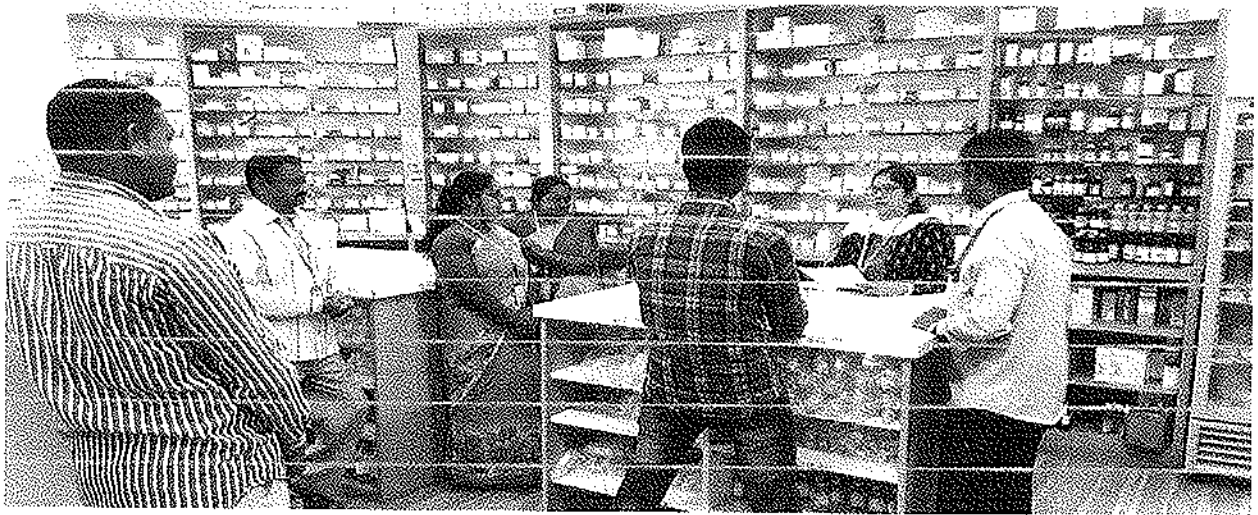

The entire training was divided into two sessions as below:

1. The sessions were conducted in the pharmacy department itself to ensure ease of access to the pharmacy software thereby enabling ease of understanding and day to day operations.
2. Look Alike Sound Alike Medication:  
The Look Alike Sound Alike medication should be kept in separate location and checked twice while dispensing.
3. Narcotics & Psychotropic drugs should be kept under double lock & key cupboard. Labeled as "Restricted Area double lock security".
4. The Physical stock taking of Narcotics & Psychotropic drugs taking monthly is very important.
5. The entire session was an interactive one with ample use of audio – visual aids for maximum efficiency and optimal reach. A separate question time was allotted to clarify doubts of the participants.
