

PROVIDING HEALTH CARE SERVICES AT THE DOORSTEP OF COMMUNITY

- The goal of KIMSDUs community health provider team is to offer comprehensive services that grant communities direct and immediate access to essential resources, including Medical, Dental, Physiotherapy, Nursing and Pharmacy Care.
- University has adopted five villages providing services like; Preventive and primary care, Disease prevention, Patient education about various health schemes available at Krishna Hospital, OPD clinic, Weekly check-up for pregnant women and children, Health Awareness programs, Sanitation and Cleanliness drive with community participation, Adolescent health check-up, Screening of Non-Communicable Diseases, HIV Counseling & Socio-behavioral research.
- Specific programs conducted in rural and semi urban areas around Karad are Tree plantation, Special Health Camps, Dental satellite clinic & weekly Physiotherapy camps, Career Guidance Program, Need based community work, Digital Literacy, Agricultural Development Program, Drug de-addiction movement, Child development, Women Empowerment & Livelihood action plan, etc.
- KIMS in association with Care India Medical Society (CIMS) provides palliative home care services for advanced cancer and terminally ill patients.
- The University's NSS and Extension activity units do monthly visits to the adopted areas which provide suitable opportunities to interact with the community and know their problems and make an earnest effort in social transformation.
