**The facilities as per the stipulations of the
respective Regulatory Bodies with Geotagging**

Krishna Institute of Medical Sciences

Krishna Institute of Medical Sciences comes under the ambit of the National Medical Council and Indian Medical Council Act 1956, apply to the hospital. With an undergraduate intake of 200 students every year the hospital has updated with adequate infrastructure to provide these students with the best possible, holistic and hands on learning opportunity. The hospital meets all the regulatory body requirements in terms of teaching staff, facilities (Teaching, residential and co-curricular), equipment's, and number of patients etc.

A. Equipment's

The hospital is well equipped with state of the art equipment's, instruments that are essential for top notch patient services and student learning experience. The measuring instruments are calibrated on a yearly basis (if not stated otherwise by the regulatory and / or accreditation body) through an authorized agency. The in-house Bio-medical engineering department is entrusted with the responsibility of preventive and corrective maintenance, AMC and CMC as well as calibration of all required equipment.

The detailed list of equipment's as per the "National Medical Council" (Regulatory Body) is as follows.

B. Laboratories

Diagnostics is an important part of medicine and Krishna Hospital has always ensured due care towards up-gradation and advancements of both clinical and diagnostics aspect of patient care. The Central Clinical Laboratory and Imaging Services with CT, MRI, X-Ray and imaging intensifier, Mammography, Sonography and Color Doppler services are provided with the assistance of latest breakthrough in technology. It also provides with services like EEG, EMG, and BERA.

Separate departments and laboratories for Biochemistry, Microbiology and Pathology investigations are situated in the hospital area specializing in those respective areas of medical testing. Dedicated ECG department is manned 24*7 to carry out EGC and such related investigations.

Krishna hospital blood bank is NABH accredited and has component facility. The blood bank recognized as a regional blood transfusion center also has plasmapheresis unit for plasma therapy.

The detailed list of laboratories are as follows.
